SUPPLIER QUALITY EVENT QE-2026-118

Supplier	Batch	Event status	Active quality hold
Astor Ridge Biologics	CDV-AX47	Open	No

Record date: August 9, 2026

A temperature logger showed a short excursion during transit. Quality review found no product impact. The investigation remains open for corrective-action tracking.

Caldova Quality has not issued an active quality hold for batch CDV-AX47 or supplier SUP-1042.

An open investigation is not equivalent to an active quality hold.

Control note

This record documents evidence for review. It does not authorize payment, reject an invoice, or change supplier or quality status.
